ACC Staff

Hank Holderfield
Executive Director

Melissa Connor
Associate Executive Director

Kathi Davis, BSN, RN
Director of Education

Dear Sir or Madam:

Welcome to the 2026 Wellstar Cardiac Cerebrovascular Clinical Symposium: Bridging the Divide! This is our sixth symposium for Neurology and Cardiology. The Program Committee has worked hard to develop a curriculum encompassing relevant topics for your enjoyment.

Our one day format will have a moderated panel discussion followed by a case review and moderated commentary from our audience members. We hope this format will be exciting and informative.

Our five sessions will be:

- 1) Understanding the Complexities of Heart Disease in Women
- 2) Medical Intersection Between Cardiology and Neurology - Management and New Therapeutics
- 3) Syncope, Seizures, Spells, Oh My
- 4) Plugging the Appendage, Calming the Nerves, and Treating the Infection: A Multifaceted Approach
- 5) Optimizing Care Efficiency in the Neurovascular and Cardiovascular Space using Artificial Intelligence

Our goals for the Conference include:

- Provide a discussion on the management of challenging stroke patients secondary to a cardiac mechanism.
- Provide information that is relevant and practical to the care of our patients.
- Develop communication and relationships between our attendees and our industry partners.

ABOUT THE SYMPOSIUM

The Sixth Annual Wellstar “Cardiac Cerebrovascular Clinical Symposium: Bridging the Divide” meeting was designed to promote multi-disciplinary discussion surrounding pertinent clinical topics that involve both cardiovascular and neurologic disease. Our highly experienced panel will cover timely topics over a wide array of daily clinical conundrums. We anticipate a lively discussion surrounding case reviews that highlight the intersection of both specialties. Physicians, Advanced Practice Providers, nurses, technologists, and other team members who care for patients with cerebrovascular and cardiovascular disease are invited to attend.

SCHEDULE - JULY 25, 2026

7:00 - 7:45am

Registration and Breakfast

7:45 - 8:00am

Welcome and Introduction of Keynote Speaker

Barry Mangel, MD, FACC

8:00 - 9:15am

Beyond Atypical: Understanding the complexities of Heart Disease in Women

Moderator: Natasha Mamdani, MD

8:00 - 8:15am

- MINOCA: More Than Meets the Eye | Mindy Gentry, MD

8:15 - 8:30am

- CMD: The Unseen Culprit | Ryan Wilson, MD

8:30 - 8:45am

- Beyond Breathlessness: Decoding Cardiac Red Flags in New Moms | Suchitra Chandrasekaran, MD

8:45 - 9:00am

- Carotid Thrombus Due to Iron Deficiency Anemia | Rishi Gupta, MD

9:00 - 9:15am

- Discussion

9:15 - 10:30am

Medical Intersection Between Cardiology and Neurology – Management and New Therapeutics

Moderator: Ashis Tayal, MD

9:15 - 9:30am

- Neurological and Cardiac Complications of Chemoimmunotherapy Agents | John French, MD

9:30 - 9:45am

- Amyloidosis of the Brain and Heart | Archana Koganti, MD

9:45 - 10:00am

- Resuming Therapeutic Anticoagulation After Ischemic Stroke and Hemorrhagic Stroke

Ashis Tayal, MD

10:00 - 10:15am

- Syncope: Cardiac vs Neurological Causes | Jenny Joseph, MD

10:15 - 10:30am

- Discussion

10:30 - 11:00am

Break

11:00am - 12:15pm

Syncope, Seizures, Spells, Oh My

Moderator: Raisa Martinez, MD

11:00 - 11:15am

- First-Time Seizure? What Do We Do? | Joseph Hormes, MD

11:15 - 11:30am

- Dysautonomia – Pathophysiology & Management | Howard Snapper, MD

11:30 - 11:45am

- Dizziness/Vertigo – Cardiovascular vs. Neurological Perspectives | Nicole Fuller, PT

11:45am - 12:00pm

- Cardiac Manifestations of Seizures, EEG Findings in Cardiac Arrhythmia, and the EMU for Spell Evaluation | Ammar Kheder, MD

12:00 - 12:15pm

- Discussion

12:15 - 1:15pm

Lunch

1:15 - 2:30pm

Plugging the Appendage, Calming the Nerves, and Treating the Infection: A Multifaceted Approach

Moderator: Ahmed Albadri, MD

1:15 - 1:35pm

- Left Atrial Appendage Occlusion – Percutaneous and Surgical Considerations

Amar Patel, MD

1:35 - 1:55pm

- From Resistant to Controlled HTN; Where Renal Denervation Fits Today | Akshar Patel, MD

1:55 - 2:20pm

- Stroke in the Setting Valvular Infective Vegetations – The Value of Multidisciplinary Team

Approach | Ahmed Albadri, MD

2:20 - 2:30pm

- Discussion

2:30 - 3:45pm

Optimizing Care Efficiency in the Neurovascular and Cardiovascular Space using Artificial Intelligence

Moderator: William Humphries, MD

2:30 - 2:45pm

- What is AI in Healthcare | Matthew Mell, MD

2:45 - 3:00pm

- Integration of AI in the Neurovascular | William Humphries, MD

3:00 - 3:15pm

- AI Applications in the Cardiovascular | Amar Patel, MD, FACC

3:15 - 3:30pm

- AI in Large Health Care Systems: What Does the Future Look Like? (Panelist Discussion Steve Cermak; Matthew Mell, MD; William Humphries, MD; Amar Patel, MD, FACC)

3:45pm

Closing Remarks and Adjourn

Rishi Gupta, MD

SYMPOSIUM REGISTRATION

Registration for this meeting will be online.
Registration will ensure you have a required badge for the Symposium.

Register Now at:
