Dear Sir or Madam:

On behalf of the GA ACC Cardiovascular Team and the CVT Program Committee, I am very pleased to welcome you to the 2023 CV Team Conference. We are excited to be back in person at the Ritz-Carlton Reynolds, Lake Oconee to continue the important work set in motion by so many over the years.

The practice of medicine changes rapidly, particularly cardiology changes at a dramatic pace often making it difficult to remain current. As cardiology evolves, team based management becomes increasingly important. The cardiovascular team has an opportunity to impact patients across a broad spectrum of care now more than ever.

The CVT Program Committee worked diligently to develop a curriculum encompassing a variety of clinical topics relevant to daily practice as well as discussion of cutting edge and future therapies and technologies. Our goals for you are to provide updated and practical information related to the care of our patients, create a forum to discuss evidence-based therapies and most importantly network with colleagues who share similar passions. So sit back, relax, engage and enjoy your 2023 Cardiovascular Team Conference.

Sincerely,

Jason Grady, NRP
CVT Chair, GA Chapter – American College of Cardiology
